Converse Academy, spoken English training institute is very good, Tara mam is very sweet, friendly and polite, she teaches us very well, she helps us when we get stuck in any topic and conversation she guides us and solves our problems. The classroom is well maintained, chairs and other facilities are good. Tara mam gives us a topic to present on the mic, it helps to overcome our public speaking hesitation, and some time she takes our mock test of topic and interview questions and overall this academy is great and helped me to improve my English conversation skills.
